Yet another great heifer consigned by Hollow Oak Farms! This female has been a favorite since day one! We have been excited about the female, not only for a show heifer but for a donor prospect. We think she will take you wherever you want to go with your herd. You have to appreciate this heifer for how feminine she is through her front 1/3. You love how her neckties into her shoulder and how much overall dimension she portrays. HOF Miss Limo Southern Look is everything her name says! She is long down her top and still gives you that "look" that will catch the judge's eye! The sire to this outstanding female is HEW Mr. 115 (S), who is sired by this eye-appealing bull HEW Mr. Hammerhead (S) 52, who comes from the combination lines of Detering Brothers Cattle Company and Heritage Cattle Company. The dam to 115 is JH Miss 5E/4, a daughter of +Mr. JY Jimmie 638/9, sired by one of the most influential bulls of the '90s, +Mr. 3X He's Got the Look 40/2. Limo's dam is quite interesting as she combines top genetics from the McGill Ranch of Kingstree, South Carolina, and portrays the

essential genes of the breed, such as disposition, udder quality, and being an all-around great mama! To top this offering off, Limo ranks at the top of the breed for BW, YW, CW, milk, and docility. Hollow Oak Farms feels like they have brought their best, and we couldn't agree more. Mark HOF Ms. Limo Southern as a must-have on sale day because we can promise you that she's special!!
