Description

[Click Here to View Pedigree & EPD's](#)

We offer the best to the public, and we think G2L's Miss Emma Jean is a one-of-a-kind female. Although she is the youngest in the offering, she adds a pack to the punch. You can't overlook her as she has so much width and overall pizzazz! She is long-fronted and ready to turn heads in the show ring. If you are looking for a female with an outstanding phenotype and genotype, watch this! Emma Jean is sired by the homozygous polled bull, KF Mr. Polled Tomas 22 (PP), who has been a breed changer for G2L Cattle Company over the past two years and leads a legacy from bulls such as RBC MR. POLLED TOMAS (P), +MR 3X MAXMILLION-AIRE 56, and +TTT MR. TEXAS LOTTO 670. If you look on the bottom side of this female's pedigree, you realize that her mother is a female that we call "Faith" who follows her mother, Miss J&M Sexada 738/4, for having excellent udder quality as well as being super gentle. We think there is a lot of potential for this female, and she still has the opportunity to do great things. To make Emma Jean even more valuable, she ranks in the top 15% of the breed for

birth weight. As we were saying earlier, we hope with EPDs like this, these females will calve unassisted with high-growth calves that are bound to perform. Bid with confidence as this polled female will be a gem in any breeding program, G2L's Miss Emma Jean (P)!!
