Birthdate Pending

PH# Pending

Color Grey

Description

We thought to start our embryo lineup, it would be cool to start with something special to us!! This is a great chance to purchase what might be the only opportunity to buy conventional embryos from the homozygous polled bull LMC LF Polled Pecos 40/9 (PP) and the 2016-2017 premier brahman female of Florida. Imagine how attractive this offspring could be walking around in your pasture with what we call the "125" stamp and it being POLLED! You would expect the calf to be dark-pigmented, big-bodied, heavy-muscled, super stylish, and STOUT! We made this cross a couple of years ago, and we hope you will take advantage of our oldies but goodies! The sire to this unique package is the line-bred LMC LF Polled Pecos 40/9. He is a line-bred LMC Polled Madison meaning his mother is sired by the same bull as his sire. The dam to this package is Ms. L2 Jazzys Jasmin 125, the epitome of the breed, having many different titles. 125 is one of those cows you dream of having in your pasture! She is a big broody female with that feminine look from the side, solid from the ground up, combining a significant hip extended out of her front end and a deep body. This cow is

built on a large bone and foot size. Not only is she good phenotypically, but genotypically she ranks in the top 20% of the breed for seven traits, including growth, REA, Marbling & Tenderness. We don't think you can find one much better as she is sired by the 183/7 "Gator," who died at a very young age, leaving only four known daughters out of him that L2 ranch owned. 183/7 represents the "Rose" family and is out of the 2005 Reserve International Champion Female, Miss V8 209/6. This female's dam, Miss L2 Jazzy 21, was the 2013 Grand Champion Female in Florida and had a half-sister named the 2015 ABBA Premier Show Cow of the Year. Not to mention, 125's offspring not only has been very successful in the show ring but also in production. You will not want to miss this opportunity because it is very special to us! If you're looking to produce the best, THIS is your chance! With this one purchase, your breeding program could quickly move to the front of the line, so be positioned to take advantage of this unique offering from LMC LF Polled Pecos 40/9 (PP) and Ms. L2 Jazzys Jasmin 125!!

Special Notes: Selling three conventional embryos with a guarantee of one pregnancy. If no pregnancy is achieved with the first three embryos, one additional embryo will be given.

Quantity: 3
