Herd bull time! If you are looking for a gentle and low birth weight bull that can be a herd sire, then take notice of this dark pigment bull, Mr. Mitchell 195. As you might expect, this young herd sire has attracted much interest! He is heavy-muscled, standing on a HUGE foot and bone, quickly making you excited. The pedigree of this bull incorporates some of the leading genetics in the Brahman breed that has proven to be successful and helped build some of today's most notable herds from the J.D. Hudgins Ranch. He is sired by the many-time champion and, as we know him in Mississippi, "Mitchell's Trooper" 128. The dam to 195 is JDH Ms. Sara Manso 232/4, who is an own Jd. Hudgins branded female from the lines of (=)JDH Prescott Manso 82/6 and (+)JDH Atari Manso 601/1. To top this offering, this bull can be used on heifers, and they should calve unassisted with no trouble having a low birth weight and charting positive for ten traits evaluated by ABBA. So, if you want a herd sire that can grow up and be something, this is the one for you with Mr. Mitchell 195!!

Quantity: 1
