Looking for that lot #1 female for a prestigious sale like this, you can't overlook Lee's Miss Sydney Manso! She is so perfect in her overall makeup combining so many good things of a grand champion female. Sydney is one that you don't even have to get out of the truck to tell that she's good due to the squareness she portrays and flaunts out of her front one-third with so much ease. Get this female on the move, and she is lights out the best moving female we might have ever raised. This female has an elite phenotype, and she carries a breed-leading pedigree to go along with it. She is sired by Mr. V8 347/8, a direct son of +Mr. V8 458/7, who everyone knows as "Noble," and out of the oldest cow on the V8 Ranch, Miss V8 387/6. On the bottom side of Sydney's pedigree, you see she is the daughter of the many-time champion in the state of Mississippi, Moreno Ms. Lady Ruthie Marie 398/2. If you remember, back at the 2020 Dixie National Junior Roundup, "Ruthie" was named Reserve Champion Red Brahman Female. She is sired by the successful show bull +BB Bronson 299/3, who, following his

show career in 2006, sold half interest for \$35,000, which named him to be the highest-selling animal ever to be sold in that sale at the time, and he still holds the high selling bull record. In 2012, Bronson sired BOTH the Grand Champion and Reserve Grand Champion Bulls at the World Brahman Congress and later sired the International Grand Champion Bull, Moreno Mr. Rudolph 851. To top this offering off, Sydney ranks in the top 25% of the breed for REA, 25% for yearling weight, 15% for carcass weight, and 10% for yield grade. Ladies and Gentlemen, we know Sydney's value due to her ecstatic build and character, but we are offering 100% of this female to you, hoping she will end up in the hands of a junior, knowing that she can rise to the top. We think that Lee's Miss Sydney Manso can do just that, so don't miss out!
