One of the gems hidden in the sale is SB Miss 370/5!! She is a cow with a lot of life and still has a great udder. Being long and level out of her hip makes her extra attractive from the side! This female is out of two Jd Hudgins branded parents that are not slouches, being sired by JDH Mr. Goudeau Manso 239/0, who is sired by +JDH Mr. Elmo Manso who is a bull that most in the breed know well. As a show bull, he was an immensely popular champion, culminating his show career in 2008 as the National Grand Champion Bull. He is the sire of the 2014 Houston International Grand Champion Female, JDH Lady Babette Manso, the 2015 International Grand Champion Red Female LB Lady Violet Manso, numerous high sellers, including \$2.5 million worth of sons in Australia alone, and many other champions, particularly in South and Central America. The dam to 370/5 is JDH Lady Manso 448/5, one of the many daughters of JDH Spanky Manso 317/4. For breeders who know the value of a 100% pure Jd Hudgins pedigreed female, this cow should be intriguing!! To top this offering off, 370/5 ranks in the top ½ of the breed for birth weight,

carcass weight, yearling weight, REA, and marbling. This cow can make some stomp down good show females with an elegant look and a phenomenal pedigree. Don't miss out on what we think is one of the best, SB Miss 370/5!!

**Special Notes – Sells bred 7-8 months to Mr. US Sugar McCoy 542/7.**
