### **Description**

Exclusive Opportunity!!! You are likely asking yourself, "how can this get any better?" Hollow Oak Farms has consigned the lead-off set of embryos, and we think this is one you won't want to miss. The sire to the package is the famous Mr. MCC Polled Smoke 14/9, who recently had a daughter selling for \$22,500. Smoke has been one of the most popular sires of the past two years due to his black color, phenomenal build, and polled status. Polled Smoke is by Mr. +S Polled Negro 626, the result of crossing +JME Mr. Suva Crat 225 with the 2010 International Champion and dam to the 2022 International & National Champion +Lady H Lisa Manso 947/7. The dam to Smoke combines the genetics of V8 Ranch, J.D. Hudgins Inc., and J.H. Novak. The dam to this unique set of embryos is Lee's Miss Nicole Manso, who we think a lot of around here for her gentle disposition, elegant look, and stellar pedigree! She is sired by Mr. V8 347/8, who is an own son of +Mr. V8 458/7 "Noble," a bull that has been the most successful sire of show winners over the past five years. The dam to 347/8 is Miss V8 387/6, who is still in production at 16 years of age and is sired by +JDH Charley's Jazz

946/1 and out of Miss V8 402/5, who lived to be 17 years old. On the bottom side of Nicole's pedigree is the many-time champion +Miss B-F 201/9, who, as you know, is the foundation for Moreno Ranches Incorporated and many herds in Colombia, Venezuela, and several Asian countries. So, folks, if you are looking to get into the brahman business and rise to the top quickly, we don't see any other way to do it than buying this package of embryos!! Hollow Oak Farms has brought its best! Don't miss out!!

**Special Notes – Selling three female sexed embryos with a guarantee of one pregnancy. If no pregnancy is achieved with the first three embryos, one additional embryo will be given.**

**Quantity: 3**
