Description

Check out this STUD MUFFIN!! Something maybe a little different, but look at the quality that this herd sire presents! MH\$ Juice Box comes from our good friends and long-time consignors at 65R Ranch. This stout herd sire comes with many different opportunities for cross-breeding. Juice Box, as you see, carries the meat in his hind quarter and stands on a giant foot and bone. When you get him out on the move, you can't help but love the angle to his hock, as he is very clean, with his joints flexing in every step. The sire to Juice Box is a WC Monumental 5524 and out of a very productive cow FITZ Oliver 183. If you want to add pounds to your herd, don't miss out on a super outstanding herd sire from 65R Ranch, MH\$ Juice Box!
