Yet another great consignment from Diamond MC Ranch, and boy, did they bring a good one, DMC Lady Platinum!! This female has been a favorite ever since day one. We have been excited to present this dual-purpose female to the public due to her having a show career ahead of her like no other and then also having the potential to be your next top-notch donor. You must appreciate this heifer for how feminine she is through her front 1/3. You love how her neckties into her shoulder and how much overall dimension she portrays. She is long down her top and still gives you that "look" that will catch the judge's eye! With this female's name being "Platinum," you assume she is sired by #Three D Platinum (P), a top polled Australian sire! It is noted that this highly sought-after Australian POLLED bull comes from a great producing cow family and is the grandson of the great "El Ja Baby Doll" that everyone in Australia knows well. To further compliment this offering, the dam to this outstanding show female is JDH Miss Overton Manso 584/4. Most who follow the Moreno program will recognize Overton's influence in producing the high-selling heifer at their 2018 "All American" Sale, the

\$11,000 2019 National Sale Consignment for Lance Wedgeworth, and show winners for Ty Maheu and Macey Merritt. JDH Miss Overton Manso 584/4 combines the leading sire line of JDH Sir Felcman with a Maternal Merit Dam, only further adding to her value from a pedigree and production standpoint. To top this offering off, DMC Platinum charts positive for 11 out of the 13 traits evaluated by ABBA. We think this one is pretty special if you are in the market for a standout show female. Take her home, finish her out, and create something like no one has ever seen, DMC Lady Platinum from Diamond MC Ranch!!
