### **Description**

This female-sexed embryo package is pretty exciting to us!! We have taken one of the most proven and popular upcoming HOMOZYGOUS POLLED sires in the breed and crossed him with one of our top leading donors here at Lee's Cattle Company. Our good friend Hondo Martinez always says, "Dehorn them before they are born," and the sire to these embryos will do just that, being homozygous polled. The sire to this unique package is the line-bred LMC LF Polled Pecos 40/9. He is a line-bred LMC Polled Madison meaning

his mother is sired by the same bull as his sire. The mother is our famous and winningest show heifer of all time, Miss RHR 3/20 (P), purchased in the 2021 International Brahman Sale for \$15,000. She is the result of the signature cross that combines +JDH Mr. Elmo Manso's lineage with the influence of +Mr. V8 380/6. This genetic combination has proven successful, with numerous show winners and sale toppers. The sire to 3/20 is Mr. V8 733/7 "Polled Phenom," a full brother to +Mr. V8 458/7 "Noble" who is the most successful bull of the past three years. Miss V8 120/7 is the dam to 3/20 and a daughter of +Mr. V8 380/6, who sired the most show winners of any sire from 2011-2017, and out of the proven donor +Miss V8 997/5, has 97 registered offspring, making her a full sister to the famous show bull and herd sire Mr. V8 137/8. Ladies and gentlemen, as we have already stated, EVERY calf coming from this mating will be polled and even will have a chance to be homozygous polled; plus, it will be a heifer calf! So if you want to be on the front end of the POLLED movement, this offering should get you there quickly! Don't miss this opportunity because you might not ever see another chance like this again from LMC LF Polled Pecos 40/9 (PP) and Miss RHR 3/20 (P)!

**Special Notes – Selling three female sexed embryos with a guarantee of one pregnancy. If no pregnancy is achieved with the first three embryos, one additional embryo will be given.**

**Quantity: 3**
