What another tremendous outstanding package of semen from Tappan Cattle Company! Mr. V8 103/9 (P) is a young polled bull everyone will love. Since we saw this bull when Zach posted a photo of him on Facebook, we knew there was something to him. Not every day do you see bone and muscle in a polled bull like this one. His lines are smooth, making him extra attractive from the profile. Studying his pedigree, you see that 103/9 is sired by Mr. V8 715/7, a +JDH Sir Avery Manso 159/7 son who also features (+)JDH Sir Liberty Manso and (+)JDH Datatpack Manso in his pedigree. On the bottom side, 715/5's mother is the former show winner and now proven donor for V8 Ranch, +Miss V8 410/6. The dam to 103/9 is Miss Triangle T 742, which is found on superior genetics from Ward Cattle Company, and the V8 Ranch now owns this outstanding female. To top this offering off, 103/9 ranks in the top 2% of the breed for marbling, 25% for yield grade, and 30% for birth weight. If you want to purchase

semen on the next prominent and upcoming POLLED herd sire, don't miss out on this exclusive package, Mr. V8 103/9 (P)!!

Special Notes: Selling 5 Straws of CONVENTIONAL semen with unlimited certificates.
