AB Joelle is a female who has stood the test of time in our herd at Lee's Cattle Company! She is the lead-off cow in the herd, the first cow to beat you down for the feed bucket. When you study her phenotypically, you can't help but be attracted because she is so soggy. When looking at her pedigree, you notice that she is sired by Anderson Brahman's herd sire AB Mickey Dubo, the result of NMSU Dubo Cherra 1150 and Ms. Bar LLL Sierra. On the bottom side, the mother to Joelle is AB Dubo Magestic 2/14, who is also sired by NMSU Dubo Cherra 1150 and out of the IS Mr. Majestic 69/7

daughter, IS Majestic's Beulah 204. Joelle ranks in the top 2% of the breed for calving ease, 4% for fat thickness, 20% for milk, and 25% for tenderness. This female has been a background mama cow for us here at our place, and we are super excited to offer her to the public. If you are looking for a cow that can make a lot of difference in your herd, AB Joelle is the one to do it!

Special Notes: Sells bred 7-8 months to LMC LF Polled Spartan 194/7 (P).
