---

Talk about special!! The genetics don't come any more proven the quality doesn't come any better as Miss 4F Polled 99/0 is super eye appealing, structurally sound, deep bodied, heavy muscled, and halter broke. The sire to 99/0 is Polled Pathfinder (P) who has been used successfully in the United States by an exclusive group of breeders and by Nobbs Cattle Company of Australia. Polled Pathfinder was used by La Muneca and La Negra Cattle Companies to sire the top red polled sire in the breed LMC LN Polled Pappo 136/6. The dam to this outstanding female is Miss 4F Polled Prima Donna 22/7

who is a proven donor as validated by her first 4 daughters who were show heifers or sale features. Prima Donna comes backed by some of the most proven genetics in the breed being sired by LMC Polled Sambo 45/0 who has over 100 registered progeny to include a number of influential sires and dams. The dam to Prima Donna is the proven donor for 4F Cattle Company, JDH Lady Manso 993, who is a cross of two of the most influential maternal sires for the J.D. Hudgins, Inc. Forgason Cattle Company. It should also be noted that Prima Donna is a full sister to LMC 4F Polled Diva 46/6 who was a many time champion and now donor for LMC and 4F. To top this offering off 99/0 charts positive for 11 out of the 13 traits evaluated by ABBA. It is to note that on 99/0's first flush she obtained 76 oocytes making 34 embryos. Don't miss out on a proven opportunity to purchase an IVF Aspiration off of the proven donor Miss 4F Polled 99/0!!!!

**Special Notes: Selling (1) IVF aspiration guaranteeing five transferable/freezable embryos produced from conventional or seller approved sexed/reverse sorted semen, with the work to be done at a facility approved by the seller. The buyer will be responsible for all costs associated with IVF procedures, including travel/hauling to the IVF facility. No guarantee if semen is sexed or reverse sorted unless you get the seller's approval before use.**

**Quantity: 1**
