Dam: FDC Little Ann 3/7

D.O.B.: 03/04/23

Registration #: 1063245

Brand/Tattoo: 6

Consignor: 6R Cattle Company

Miss Sea Biscuit is a beautiful cherry-red female! When you study this female, you can't help but be attracted as she is so long-bodied, ultra-feminine, and stands on a giant foot and bone. Asking Sea Biscuit to get out and travel, she hits every step with ease. Looking at her pedigree, she is sired by CBR 667/8 "Cutter," who has been a definite favorite in the show ring over the last couple of years, earning the titles of 2019 National Champion and 2020 International Champion Bull. His solid build and notable pedigree will add defined excellence to CR Genetics's feminine style and balance. The

dam to Sea Biscuit is FDC Little Ann, sired by the National Champion and ABBA Show Bull of the Year, +DF Mr. Butterbean 366/4. Not only was Butterbean a winner, but he is also a proven sire, as validated by a daughter recently being named as an International Show Reserve Division Winner, a daughter recently being recognized as the ABBA Show Cow of the Year, and him being inducted into the ABBA Register of Renown. The success of Butterbean should not be surprising as he is sired by the National & International Champion and now proven sire +SRS Mr. Troubador 933 and out of one of the most influential cows in the breed +JDH Miffany Manso. FDC Little Ann, on the bottom side, is also the result of CT Ms. Analee Rhineaux 8/14 who is the cross of two iconic animals in the brahman breed +TJF Mr. Smokin Gun and +CT Lady Rhineaux Ray 8/9. As you probably know the influence in superior genetics of these two animals is genetically perfect. To top this offering off, Sea Biscuit charts positive for EPD traits such as birth weight, milk, yearling weight, and weaning weight. Take advantage of this baby doll, Miss Sea Biscuit 3/7 from 6R Cattle Company!!
