Name: Lee's Miss Naomi Manso- Open Heifer

Sire: LMC LN Polled Prodigy (P)

Dam: Moreno Ms. Lady Ruthie Marie

D.O.B.: 08/01/2023

Registration #: 1065870

Brand/Tattoo: 194/0

Consignor: Lee's Cattle Company

We don't have many red heifers in the sale, but the ones we do have are super good and Lee's Miss Naomi Manso is at the top of the list! We love this female for her overall soggy look from the side. When you stand behind her, you find her width and dimensions attractive, but she also still has that feminine head and neck like a female should. Studying her genotype, you love both sides of the pedigree as this is an own daughter of LMC LN Polled Prodigy (P) who results from Polled Pathfinder as well as the register of renown female, +Miss Triple C 5/4 (S). It is to be noted that Prodigy is a full sibling to the many-time champion bull, LMC LN Polled Pappo. On the bottom side, the mother to Naomi is Moreno, Ms. Lady Ruthie Marie, who, if you have kept up with our breeding

here at Lee's Cattle Company, you know we have used this female extensively in our ET program. To top this offering off, this female ranks in the top 25% of the breed for yield grade, 25% for marbling, 30% for \$Bull Index, and 40% for carcass weight. Whether you are looking for a DONOR female who can stand out in your front pasture or an elite mama cow, Lee's Miss Naomi Manso checks the boxes all the way around. Don't miss out on a great one that can be YOURS!

Quantity: 1
