Description

Name: #Fairy Springs Comet (P) x M-J MA Ferguson (PP)- 3 Conventional Embryos

Sire: #Fairy Springs Comet 4853 (P)

Dam: M-J MA Ferguson (PP)

D.O.B.: N/A

Registration #: 982235 x 991531

Brand/Tattoo: N/A

Consignor: SXC Ranch

Our good friend at SXC Ranch, Mr. Donovan Scott, always consigns some of the best genetics available that he has to offer, and this embryo package is nothing but GOOD! You expect this package to produce a RED, POLLED, and HIGH QUALITY offspring. The sire to this package is #Fairy Springs Comet 4853 (P), who has done an outstanding job so far with the calves he has produced for SXC Ranch and Lost Acres Ranch of Missouri. You expect the calves sired by Comet to be heavily muscled, extra soggy, and flexible off both ends of their skeleton. The dam to this embryo package is the HOMOZYGOUS POLLED female, M-J MA Ferguson (PP). She is sired by Mr. JP Polled Stroke 143 (P), who is a +SRS Red Stroke 522 combined with the register of renown female +SRS Miss Jose 279. On the bottom side, the mother to Ferguson is M-J Scarlett Rose,

also sired by Mr. JP Polled Stroke 143 (P), making this female double-bred +SRS Red Stroke 522. It is to be noted that the Ferguson (PP) female has been flushed twice, resulting in 31 embryos per flush. The resulting offspring would rank at the top of the breed for birth weight, weaning weight, carcass weight, and REA. Folks, this is a HOMOZYGOUS polled embryo offering, meaning that the offspring will be guaranteed POLLED and have a 50% chance of being HOMOZYGOUS! Don't miss out on this excellent embryo package from SXC Ranch, where the sky is the limit for success!

Special Notes: Selling three conventional embryos with a guarantee of one pregnancy. If no pregnancy is achieved with the first three embryos, one additional embryo will be given. Embryos are stored at Trans Ova Genetics in Bryan, Texas.

Quantity: 3
