Tahoe is arguably one of the most complete Angus bulls in the breed! This registered Angus bull is used to reduce mature-sized cattle without sacrificing performance. It is to be noted that Tahoe does rank in the top 1% of the breed for CED, top 2% for \$W, 10% for weaning weight, 10% for yearling weight, 15% for docility, and 15% for calving ease. Folks, only a few sires in the breed can match Tahoe's combination of calving ease, performance, maternal traits, and carcass merit while improving longevity. Don't miss out on purchasing sexed semen on one of the most proven Angus bulls in the breed!

Special Notes: Selling 8 Straws of SEXED semen.

Quantity: 8
