Registration #: 1067820

Brand/Tattoo: 2

Consignor: Lost Acres Ranch

LAR Mr. Polled Red Leader is a bull that can do a lot of good for some folks! This HOMOZYGOUS POLLED bull is stout in his overall appeal, being super masculine from the side view, but where we find him most attractive is when you get behind him, how opened up he is from the ground up. Not only does Polled Red Leader come with an outstanding phenotype, but we would also classify him as having a breed-leading pedigree. He is sired by #Nioka Pablo, the Australian Homozygous Polled Sire that has been extremely popular in the USA with over 100 calves registered over the past two years. The dam, being LMC LN Polled Charlotte 141/9 (P), who is the own daughter of the many-time champion and world-renowned bull, LMC LN Polled Pappo 136/6 (PP),

who has done outstanding things for the Guerra family in south Texas. The mother to Polled Charlotte is also a Mr. CT Rojeaux Rhineaux 1/12 daughter and out of +Miss Triple C 5/4 (S) on the bottom side. To make this outstanding bull even more valuable, he ranks in the top 10% of the breed for yield grade, 10% for birthweight, and 15% for marbling. If you ask us, this is a once-in-a-lifetime chance to purchase a potential herd sire prospect that will dehorn your calves before they are born. ALL of these bull's calves will be guaranteed POLLED! Don't miss out on a great opportunity, LAR Mr. Polled Red Leader (PP), from our good friend Mr. Larry Wessel of Mora, Missouri!
