Description

Just sit back and listen, folks! IMAGINE the result of this female-sexed embryo package!! You expect this package to have dark pigmentation, be deep-bodied, heavy-muscled, super stylish, and FANCY! Here at Lee's Cattle Company, we try to mate our best donors with the breed's most recent and upcoming sire, so we encourage you to take advantage of this genetic combination. As indicated by the picture, the sire to this mating is M2 BRC Captain 518/1. He is a son of the Reserve International Champion and proven sire, +Mr. V8 191/7 and out of the proven cow line where every cow has been awarded a

Register of Renown or Maternal Merit award. You have seen his influence throughout the breed to his popular color. It should be noted that due to him being one of the most widely used sires globally, his semen has quadrupled in price! The mother of this package is 6W Ms. Loxleigh 120, who was successfully campaigned all over the southeast, winning many championships for the Lee Family. She is a long and prestigious female with all the qualities to make the "ideal" mama cow. This one is about as functional as they come. 120 is sired by the two-time National Champion #GRDA Mr. Laureano Del Alba TE, who in his first calf crop sired a National Champion and "Champion of the World" and numerous other winners from USA and Mexico. The dam to Loxleigh is TTT Suvette Marti 490, an own daughter of +JDH Martin Manso out of +TTT Ms. Suva Dudacrat 933. If you're looking to produce the best and raise the best, THIS is your chance!! The work has already been done! It's going to be a HEIFER CALF! As I always say, either purchase the best or get beat by the best it's your choice!! Don't miss this female-sexed embryo package out of M2 BRC Captain 518/1 and 6W Ms. Loxleigh 120!! It's going to be good!!

Special Notes – Selling three female sexed embryos with a guarantee of one pregnancy. If no pregnancy is achieved with the first three embryos, one additional embryo will be given.

Quantity: 3
